## Window Music Art

"Window music" is 1880's railroad slang for looking out the window at the passing scenery. What do *you* see when you look out the window of a train? Can you hear the "window music"?

### Materials:

a large white sheet of paper  
four construction paper strips  
glue stick  
crayons

Glue the construction paper strips in a large square to form a window.  
Inside the window, color what you see out of your train window!
